

# Manufacturer's Certification Statement

For products purchased after June 1, 2009  
Pertaining to the American Recovery & Reinvestment Act of 2009

This Manufacturer's Certification Statement can be relied upon by taxpayers for verification that certain doors produced by Atrium Patio Doors are eligible for the tax credits identified in the American Recovery and Reinvestment Act of 2009. In IRS Notice 2006-26, the IRS has published tax related interpretations for energy efficient improvements to a taxpayer's principal residence ("non-business energy property").

The IRS requires that the manufacturer be identified. Atrium Patio Doors by Woodgrain Millwork, Inc., is located at the following address:

**Atrium Patio Doors  
5700 Enterprise Drive  
Greenville, TX 75402**

In order to qualify for the tax credit, an Atrium product must have both a U-Factor rating of 0.30 or lower and a Solar Heat Gain Coefficient of 0.30 or lower. The Atrium Patio Door products listed in the following chart are Eligible Building Envelope Components, as defined by the IRS, and may qualify for the credit allowed under IRS Code Section 25C (amended by the act of 2009, as well as Notice 2009-53), when installed as an "Exterior Door" in all U.S. climate regions and when purchased and installed from January 1, 2009 through December 31, 2010.
